EDUCATION

Graphic Era Hill University (GEHU), Dehradun

Master of Computer Applications (MCA), Expected Graduation: 2025

Relevant Coursework: Full Stack Development, Data Structures, Machine Learning

Himalayan Institute of Technology (HNBGU), Dehradun

Bachelor of Computer Applications (BCA), Graduation Year: 2023

Vivekananda School, Dehradun

Intermediate (CBSE), Year: 2020

PROJECT EXPERIENCE

Heart Disease Prediction | Python, Scikit-learn, User Interface

- Built a machine learning model to predict disease risk using patient data.
- Visualized findings and performance metrics in a clean user interface dashboard.

Sales Data Analysis | Excel, SQL, User Interface

- Analyzed structured sales datasets to identify key trends and business insights.
- Delivered performance reports and KPIs using custom user interface visuals.

Online Voting System | React.js, Node.js, MySQL

- Developed a secure online voting platform with user authentication and admin control.
- Focused on real-time vote count updates and role-based access control.

Car Rental System | React.js, Node.js, MySQL

- Created a full-featured booking application with user login, payment gateway, and admin dashboard.
- Enhanced UI/UX and improved data handling across modules.

TECHNICAL SKILLS

Languages: C, C++, Java, Python, PHP, HTML, CSS, JavaScript

Frameworks/Tools: ReactJS, AngularJS, Node.js, Excel

Databases: MySQL, Oracle

Operating Systems: Windows, Linux, MacOS

Other Skills: Full Stack Development, Machine Learning (Basics), Data Structures

CERTIFICATIONS

- Full Stack Web Development – Dream Tech, 2022
- Data Structures & Algorithms – Dream Tech, 2022

- C & C++ Programming – Dream Tech, 2021
- College Fest Management – HIT Dehradun, 2023

LEADERSHIP & ACTIVITIES

- Volunteered as Event Coordinator and Team Leader during multiple college fests.
- Participated in tech workshops, hackathons, and coding events.
- Contributed to event planning and team management initiatives.

STRENGTHS

Problem Solving | Teamwork | Adaptability | Communication

HOBBIES

Chess | Puzzles | Exploring New Technologies

CAREER OBJECTIVE

To contribute to impactful, real-world software projects by leveraging my full-stack development and analytical skills while continuously growing as a technology professional.
